Datasheet

RS Pro 160; 200mm Steel, 11 pieces Engineers File Set

RS Stock No: **833-5953**

Product Details

RS Pro engineers file set features engineers and needle files. It comes with both high quality set and supplied in a durable EVA foam tool module for use in the RS range of roller tool cabinets and chests. It is a set 3-pieces and made from steel and comes with a overall length of 160, 120 mm.

Features and Benefits

- 5 standard 200 mm Bastard cut files for rough working and shaping
- Soft grip bi-material handles for reduced user fatigue and a comfortable grip
- Lanyard hole in handles for working at height
- 6 needle files for precision working, shaping and profile cuts
- Bright red foam helps identify missing parts quickly
- Foam tool modules are designed for regular easy removal from drawers
