RS PRO Male USB A to Male USB A USB Cable, USB 2.0, 3m, USB 2.0

RS Stock No.: 182-8829

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This handy three-metre male-to-male USB A to USB A cable will give you the extra length you need when transferring data from your computer to a peripheral device over longer distances. As part of our stringently tested RS PRO series, it conforms to international safety standards. Please note this cable is not suitable for host-to-host applications – using it for this purpose could damage your equipment.
