

Datasheet

RS PRO SMART-Q Queue Management System

Stock No: 2019074

Technical Specifications:

Base Material:	PC/ABS
Stacklight Material:	PC
Battery:	12V 1,2Ah
Supply:	Battery / Main power
Voltage:	100 / 240Vac
Autonomy:	8 hours
Max. Recharge Time	4 hours
Modes of Operation:	Automatic / Manual

Features & Benefits:

- **Luminous - acoustic signalling device for queue management**
- **Remote control**
- **Two modes of operation: automatic/manual**
- **Automatic control configurable (green light turn-on time: 2 to 12 sec.)**
- **Easy installation, No wiring needed**
