RS PRO Male RCA x2 to Male RCA x2 Aux Cable

RS Stock No.: 0802818, 0802819

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This high-quality RCA audio cable is ideal for stereo hi-fi systems. The phono lead features two sets of phono plugs for multiple audio connections where possible, meaning it is ideal for custom audio setups.

The RCA connectors offer a high-end audio connection and have a robust PVC coating with built-in strain relief for added reliability and durability.

RCA and phono connectors are still included on many television sets, media peripherals and stereo sound systems. Stereo phono cables are still also used for professional audio purposes. Other applications include; CCTV, Laboratory testing, Home Entertainment
