Elbow Male 1/8in, 1/8 in R Male, Polyamide

Product Details

Elbow Connector

These taper thread connectors have a taper screw on one end and a push-on hose connector on the other end. The hose sits securely due to the ribbing of the push-on connector. The 3 available thread types are coloured as followed, Metric taper thread (light grey), Whitworth pipe thread (anthracite) and NPT thread (black).

Plastic Push Fittings

Polyamide, tough, lightweight, good impact and wear resistance

Male BSPT, deep moulded ribs, allow use of hose clips, positive sealing

Specifications:

Hose Inner Diameter	6mm
Body Material	Polyamide
Threaded Connection	1/8 in R Male
Thread Size	1/8in
Coupling Gender	Male
Coupling Connector Direction	Elbow
Thread Gender	Male
Thread Standard	R
