

HiLite LED

| Size W x D x H mm | Code | Code RS Components |
|-------------------|------------|--------------------|
| 1230 x 155 x 50 | 861 956-00 | 1357273 |

HiLite LED lamp is a top model representing state-of-the-art technology. It consumes little energy and consequently has a long service life. It's particularly suited to lighting tasks that require precision, such as electronics assembly, fine mechanical assembly, laboratories and testing. Neutral-white light color ensures consistently pleasant light.

The HiLite LED can be mounted on all lamp mounts produced by Treston.
