

Features

- RS PRO and Little Giant dual-branded professional solution.
- Non-conductive Hi-Viz green fibreglass construction.
- Lightweight yet durable design.
- Oversized comfort treads for improved user comfort.
- Patent-pending spreader step design.
- Versatile top cap with four accessory ports.
- Compatible with Little Giant accessories including Loot Box™ and Strap Holder™.
- Box-section steps for improved strength and durability.
- Fast and simple setup.
- Suitable for professional working-at-height applications.

RS PRO by Little Giant®

A-Force™ Hi-Viz GRP Fibreglass Step Ladder

RS PRO® is the own brand of RS. Combining quality, choice and value, RS PRO products are professionally approved and trusted by engineers worldwide. Little Giant® is a registered trademark of Little Giant Ladder Systems.

Product Description

The RS PRO by Little Giant® A-Force™ Hi-Viz GRP Fibreglass Step Ladder is a professional A-frame ladder designed to deliver durability, safety and convenience for trade and industrial users. Combining the trusted quality of RS PRO with Little Giant's innovative ladder design, the A-Force™ offers fast setup, lightweight handling and enhanced productivity on site.

Manufactured from non-conductive Hi-Viz green fibreglass, the ladder is ideally suited for electrical and maintenance work. Featuring oversized comfort treads, a versatile accessory-ready top cap and a robust box-section step construction, the A-Force™ provides a safe and efficient solution for daily professional use.

Standards and Compliance

Key Features Explained

Non-Conductive Fibreglass Construction

The Hi-Viz green fibreglass frame is lightweight, durable and suitable for working around electrical installations, making it an excellent choice for professional electricians and maintenance engineers.

Versatile Top Cap System

The innovative top cap incorporates four integrated accessory ports capable of accepting compatible Little Giant accessories including:

- Loot Box™ storage system
- Strap Holder™
- Drill and tool holsters
- Tape measure clips
- Magnetic fastener tray accessories

This helps keep tools organised and within easy reach.

Comfort Tread Technology

Oversized treads provide improved comfort during prolonged use, reducing fatigue during repetitive climbing and standing applications.

Professional Durability

Full box-section step construction delivers long-term durability and reliability in demanding work environments.

Safety Note

Always inspect ladder equipment before use and follow all applicable workplace safety procedures. Ensure the ladder is fully locked into position before climbing.
