

## Features

- Anti Static Toothbrush
- Material: conductive plastic with low static generating synthetic fibre bristles
- "Conductive Brush" stamped on handle
- Suitable for cleaning PCBs

## RS PRO Anti Static Brushes

RS Stock No.: 0218571

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

## Product Description

*Made from conductive plastic, this brush removes dust, dirt on PCBs and other static sensitive components. Minimises static charge and dissipates ESD charges to ground when held by grounded personnel. The vertical shape helps to protect the hand of the operator from scratches to the fingers.*

*Firm bristles are mainly for electronics, especially circuit boards.*

## General Specifications

Product Type	Anti Static Toothbrush
Material	Conductive plastic / conductive nylon fibre
Colour	Black
Shape	Toothbrush style
Length	180mm
Bristle Area	34mm x 10mm x 16mm
Properties	Conductive
Surface resistance:	10 <sup>4</sup> -10 <sup>6</sup> Ohms

## Approvals

Complies with EN 61340-5-1	Yes
