Fluke-289 FlukeView Forms Combo Kit

Maximize productivity with the combined Fluke 289 and FlukeView forms combo kit. With built-in data logger and TrendCapture capability, the 289 helps you track down elusive, intermittent problems, monitoring equipment with any of its functions while you do other jobs. Overlay your logged data from six meters or six time periods to find cause and effect relationships or for condition monitoring applications in FVF software. Turn your data into meaningful graphs and tables for a professional report. The 289/FVF combo kit gives you a practical & affordable approach to predictive maintenance.
