

## Courier FIPS 197 Encrypted USB 3.0

8 GB

16 GB

32 GB

64 GB

### INTRODUCTION

The Integral Courier FIPS 197 Encrypted USB 3.0 Flash Drive provides a highly secure and simple to use security solution for portable data. Featuring mandatory encryption of all files stored on the Flash Drive and a SuperSpeed USB 3.0 interface.

### FEATURES

- **Military level security with AES 256-bit hardware encryption** - More secure than a software-only solution.
- **FIPS 197 Validated** - Certificate No. 1137
- **Multi-lingual interface** – in 26 languages and a simple user interface for “out of the box” use\*
- **Latest USB 3.0 SuperSpeed specification** - transfer your digital content such as HD video, photos, games and large documents faster than ever before
- Fully compatible with USB 2.0 (USB 2.0 transfer speed)
- Up to 80MB/s\* Read / 10MB/s\* Write (8GB)
- Up to 140MB/s\* Read / 20MB/s\* Write (16GB)
- Up to 140MB/s\* Read / 40MB/s\* Write (32GB)
- Up to 145MB/s\* Read / 45MB/s\* Write (64GB)

\*Based on internal testing, performance may vary based on system configuration.

### SECURITY FEATURES

- **Mandatory encryption of all files (100% privacy)** - All data stored on the drive is secure. Unprotected files cannot be saved to the Courier.
- **Secure Entry** - Data cannot be accessed without the correct high strength alphanumeric 8-16 character password. A password hint option is available. The password hint cannot match the password.

- **High Strength Password Enforcement** - Setting of a high strength password is mandatory.
- **Brute-Force Password Attack Protection** - Data is automatically erased after 6 failed access attempts. The data and encryption key are securely destroyed and the Courier is reset.
- **Zero Footprint** - No software installation required. All password and encryption functions are securely executed on the drive.
- **Auto-lock** - Drive will automatically encrypt all data and lock when removed from a PC or when the screen saver or “computer lock” function is activated on the host PC. Courier will also lock if left idle for more than 10 minutes.
- **Password Entry Count** - The Courier records the failed entry count. e.g. if the Courier is removed after 2 failed attempts and reinserted, the drive will resume with the 3rd attempt.
- **Personal ID Function** – As an option, contact details can be added to the Courier that can be viewed without compromising encrypted data.
- **Endpoint security software compatible** – The Integral Courier operates comfortably with endpoint security solutions by using the embedded unique ID.
- **Embedded Unique ID (optional)** – During production a personalised tag (e.g. “ACME APPROVED USB”) can be embedded into the Courier that can be viewed on a PC. The tag gives endpoint software a convenient way to identify Integral Courier as the “official” company drive, whilst denying access to other unauthorised USB drives that do not carry the unique ID tag.

## • Easy To Use –

- Plug and Play device, allowing ‘drag and drop’ of files into secure area
- Does not require any software or drivers to be installed
- Works on Mac OSX, Windows XP, Vista, 7 and 8 without administrator privileges
- User manual stored on drive

## • Warranty – 2 Years

### \*26 languages supported by the software GUI -

- Arabic
- Bulgarian
- Chinese
- Croatian
- Czech
- Dutch
- English
- Estonian
- Finnish
- French
- German
- Greek
- Hebrew
- Hindi
- Italian
- Japanese
- Latvian
- Lithuanian
- Norwegian
- Polish
- Portuguese
- Romanian
- Russian
- Spanish
- Swedish
- Turkish

## PRODUCT TYPE

USB Flash Drive

## INTERFACE TYPE

SuperSpeed USB 3.0

## INTERFACE CONNECTIVITY

1x SuperSpeed USB - 9 Pin USB Type A

## COMPATIBILITY

Windows XP, Vista, 7, 8 and Mac OS X
