Product Description

RS PRO Self-Adhesive Document Pocket

Introducing the RS PRO range of self-adhesive document wallets, suitable for use with any enclosure. The clear PVC pocket allows easy adhesion onto any surface to provide convenient storage for valuable and important documents like user guides, certifications or catalogues that are used and required alongside the item that is housed in the enclosure. By using a water-based acrylic adhesive, it provides a strong attachment, even in harsh environments, but can still be easily removed without causing damage to the surface it has been mounted on. This document wallet is a versatile enclosure accessory that can be used across a wide range of applications.
