

FEATURES

- **UV Resistant:** Ensures longevity and performance in outdoor environments
- **High Tensile Strength:** Supports up to 22 kg, providing robust cable management
- **Nylon Material:** Offers durability and flexibility for various applications
- **203 mm Length:** Suitable for bundling larger cable groups
- **4.6 mm Width:** Balances strength and flexibility for secure fastening
- **RoHS Compliant:** Meets environmental and safety standards
- **UL 94HB Rated:** Provides a standard level of flame retardancy

RS PRO UV Protected Cable Tie, 203 mm Nylon

RS Stock No: 656-027

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These RS PRO UV Protected Cable Ties are designed for secure and reliable bundling of cables and wires. Made from durable nylon, they offer excellent resistance to UV radiation, making them ideal for outdoor applications. With a maximum bundle diameter of 52 mm, they are suitable for a wide range of cable management tasks.
