Coaxial Cable

RS PRO

Features

- Coaxial cable assembly ideal for communications applications

- SMA Plug to SMA Plug

- RG174 cable 1000mm

RS PRO Coaxial Cable
RS Stock No.: 0335192

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Coaxial Cable

RS PRO

Product Description

- Coaxial Cables are commonly used for the Internal and external wiring of communication systems, instruments, and electronic devices as well as the connection of test and measurement systems.

- The RS Pro range of coaxial cable assemblies offer a highly reliable electrical connection for your given application.

- *Common applications include broadcast, communications, instrumentation, Mil/Aero, telecoms, automotive, heavy transportation and high-speed data.*

General Specifications

Cable Type	RG174
Connector A	Male SMA
Connector B	Male SMA Right Angle
Terminated/Unterminated	Terminated
Applications	*Common applications include broadcast, communications, instrumentation, Mil/Aero, telecoms, automotive, heavy transportation and high speed data.*

Coaxial Cable

Electrical Specifications

Characteristic Impedance	50 Ohm

Mechanical Specifications

Item	Material	Diameter
Length		1000mm
Centre Conductor	Bare Copper	7/0.16
Dielectric	PE	1.52mm
Sheath / Jacket	PVC	2.8mm

Approvals

Compliance/Certifications	CE / CSA / UL
Standards Met	RoHS3

Cable type: RG174

Cable length 1000mm

Connector 1: SMA Plug

Connector 2: SMA Plug Right Angle
