

Datasheet

RS TS01-S Temperature Probe, T, -50 → +250 °C With SYS Calibration

RS Stock 712-8899

Specifications

- Immersion / Surface all in one Probe
- Fast Response Surface Probe
- Waterproof Immersion Probe
- Fully waterproof assembly throughout
- Temperature Range : -50°C to 250°C
- 2 in 1 Dual Function Probe
- With this probe measurement of water and surface temperatures are possible.
- The probe is designed for immersion in a liquid as well as being a fast response surface probe
