

New storage boxes

Stronger ; more practical ; more comfortable!

☐ 3/4" sets

STRONG: PLASTIC CASE

- Hard-wearing and drop-resistant.
- Closed by means of 4 reinforced catches and 2 metal hinges.
- Resistant to workshop chemicals.
- No flaking paint.

PRACTICAL

- Space for storing additional tools / fasteners, or FACOM box type BP.102.
- Easily stored in the drawers of XL roller cabinets, JET LINE furniture units and FACOM workbenches.
- Removable cover to serve as a "module" (roller cabinet tray).

COMFORTABLE

- Plastic cases 35% lighter than an equivalent case = -1.6 kg
- Ergonomic carry handle adapted to the load of the case.
- Easy to clean.
