

Previously known as: Versatouch® 78-202

Cold

Light Duty

## Insulated thermal gloves designed for a various food processing and service applications

- **Increased comfort:** ActivArm® 78-202 blue thermal work gloves are made of a seamless knit, thermal acrylic liner, which provides comfort and warmth for cold or refrigerated work
- **Augmented dexterity:** These protective gloves feature an acrylic liner that offers protection from the cold without sacrificing dexterity
- **Enhanced grip:** As ActivArm® 78-202 PVC-coated safety gloves are designed with a micro dot-coated palm that increases grip and abrasion resistance, they are not only suitable for cold weather, but also food processing and service applications
- **Improved practicality:** In addition, these cold-resistant gloves are available in individual pairs or bulk packaging

### Industries

- Food Processing

### Applications

- Cold Storage
- Outdoor Winter Use
- Cutting up food
- All food processing applications that have food contact

Previously known as: Versatouch® 78-202

#### Key Features

- **Seamless knit, thermal acrylic liner:** Comfort for cold or refrigerated work
- **Acrylic liner:** For food gloves with cold resistance and good dexterity
- **Micro dot-coated palm:** Added grip and abrasion resistance
