

# SEMI RIGID GROUNDSHEET

### Semi-rigid floor mat

Smooth conductive floor mat, very highly resistant to wear and abrasion, which make it ideal for use in work areas with chairs with casters. Its elasticity provides a comfortable walking surface and high dimensional stability over time. Its stratified structure guarantees its electro-conductive qualities for a period of 5 years. Resistant to chemicals, grease, oil and cigarette burns. Supplied with a grounding cord with a 10 mm male snap.

Surface resistance:	$2.5 \times 10^4 \rightarrow 10^6 \Omega/\text{sq}$
Colour:	platinum / black

Dimensions (cm): 120 x 150; thickness 3 mm
