

DEWALT XR FLEXVOLT 430mm Wood Cutting Alligator Blade

DT99593 - QZ

- Increased Efficiency for maximum cordless run time
- Improved longer run time
- Designed for hardwood and softwood
- Made from high speed steel

Description:

The DEWALT XR FLEXVOLT 430mm Wood Cutting Alligator Blade has been designed for increased efficiency and maximum run time. The two durable tungsten carbide tipped blades have been engineered to run in opposite directions to ensure the material being cut does not move. The alligator saw blade is ideal for fast cutting of hard wood, soft wood, hardboard, plasterboard fibreboard and logs with a medium finish. Suitable for DCS397, DWE397, DWE398, DWE399 models.

Specifications
