**RS PRO**

Features

- Specifically designed for electrical maintenance, providing essential tools to safely and effectively lockout electrical circuits.

- Comes with a soft carry case, making it easy to store and transport all necessary lockout tools.

- Includes two lockout tags for clear identification of isolated circuits, ensuring safety and preventing accidental re-energization.

- Supplied with a marker for easy labeling of tags, allowing for quick customization of safety information.

- Lightweight and compact design, making it ideal for mobile electricians who need a reliable lockout solution on the go.
