

Features

- The quick couplings can quickly connect and disconnect equipment from the circuit ensuring the absence of leaks and withstanding high pressures and temperatures.
- Female to Male

RS PRO Hydraulic Quick Connect Couplings

RS Stock No.: 0309345

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

This RS PRO Quick Connect Couplings is the mostly related to the installation of our RS Pro Hydraulic Hand and Foot Pumps, however it can be used also onto many other applications, even different from our air-hydraulic pumps.

The quick couplings can quickly connect and disconnect equipment from the circuit ensuring the absence of leaks and withstanding high pressures and temperatures.

Applications: Industrial tools, locking systems, pressure gauges, pneumohydraulic pumps, hydraulic pumps, hydraulic systems, equipment, compressors, shipbuilding industry, lifting systems

General Specifications

Coupling Type	Quick Connect Coupling
Maximum Operating Pressure	700 bar
Material	Steel
Finish	Zinc Plated
Seal Material	NBR
Coupling Gender	Female
Threaded Connection	Female
Thread Size	3/8" NPT
Thread Gender	Female
Thread Standard	NPT
