

EX-22-PLS-C

Superior™ Sawblade for Plaster and Boards, Used with ERGO™ EX Handles 550 mm

PRODUCT DETAILS

- For cutting plaster and boards of wood-based material
- Specially developed super sharp GT-teething for the first 100 mm (at the tip), followed by groups of 4 teeth with extra-large gullet between groups for greater efficiency and minimised clogging
- Thicker blade for high-precision and straight cutting with exceptionally good stability and comfort
- Quick and easy attachment of the blade to the handle using the patented click system
- To be used together with the Bahco handsaw system handles, EX-RL, EX-RM or EX-LL
- Quick easy attachment to the patented click system handle
- Low friction rust protective coating
