RS Stock No.: 0726454

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This is a recessed grip handle made of durable PA6 GF30. It clips into panels (panel thickness usually between 1.2–1.6 mm) without tools, snapping securely behind the panel to create a flush surface. Ideal for industrial cabinets and enclosures where discreet, low-profile access is required.
