# RS Pro 10A Wall PIR Switch Sensor Switch, PIR, Wall mount, 230 V ac

RS Stock No: **796-2015**

## Product Details

RS Pro wall PIR sensor switch has a voltage rating of 230 V ac and current rating of 10 A. This stylish PIR movement sensor switch will automatically turn lighting on and off, reducing energy consumption. It features useful functionalities, like the switch with built-in presence detector, to ensure that lighting turns off when it's not needed. The movement sensor will switch the light off once it no longer detects presence in the room and it can be set to automatically switch on when someone enters the room. It is easy to fit and can be used with any type of lamp.
