

## MAINTAIN SCREENWASH

### Screenwash & De-Icer

#### Description

MAINTAIN SCREEWASH is a blue coloured, specially formulated, water-soluble Screenwash concentrate. Its blend of alcohol, glycol and wetting agents are designed to remove dirt, grime, insects, traffic film and light frost from vehicle windscreens. The formula also promotes smooth wiper blade motion and prevents pipes and nozzles freezing down to -15°C.

A perfume within the product provides a pleasant aroma during use and alleviates the strong alcohol smell normally associated with this type of product.

#### Application

All vehicle washer systems:

MAINTAIN SCREENWASH is suitable for use in cars, commercial vehicles and off highway equipment and can be used year round using the following dilutions.

#### Dilution

Screenwash concentration %	Protects down to °C
100	-15
75	-11
50	-7
25	-3
10	-1

#### Advantages/Benefits

- Suitable for summer and winter use
- Excellent freezing point depression to -15°C
- Works in hard or soft water areas
- Smooth wiper action
- Non-smear formulation
- Contains a subtle perfume
