RS PRO 15 cm Mini DisplayPort Male to DVI-D Female Adapter

Stock number: 182-8797

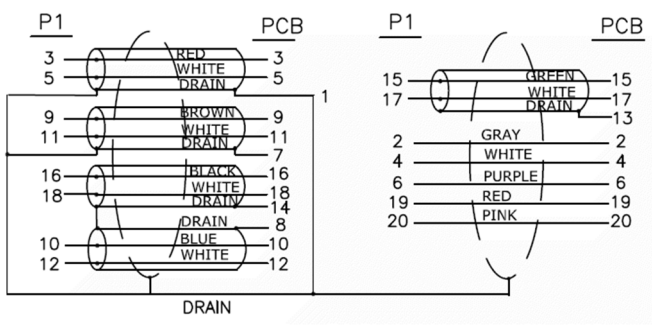

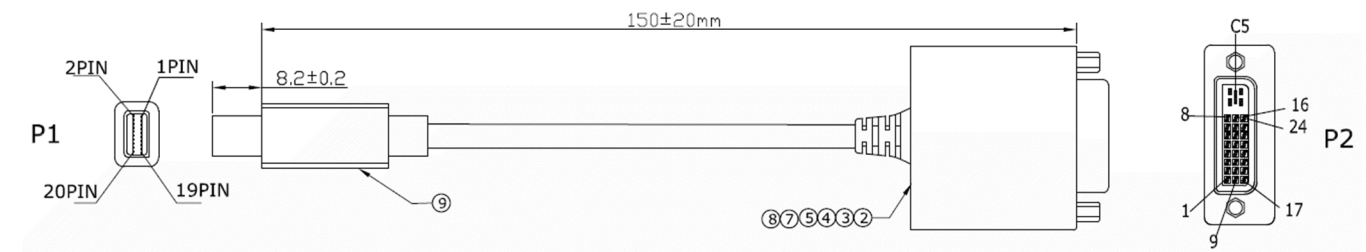

EN

Our RS PRO 15 cm Mini DisplayPort to DVI-D adapter comes with a 20 pin male connector mini DisplayPort connector to a DVI-D female.

The connector hoods are made from white ABS and come with dust caps to protect the connector, and a strain relief on the end of the hood to support the cable.

There are three different types of DVI cables which all share a common connector, DVI-A(analogue), DVI-D(digital) and DVI-I(integrated).

DVI-D and DVI-I are also split into two types of cable, dual link and single link. Dual link has all the pins connected to achieve higher resolutions whereas single link may have the physical pins present but some will not be connected inside the cable.

8	MINI DP TO PCB 32AWG Black wire clip
7	#4-40UNC H4,75*11,80MM Nickel plated nut (H=4,8MM)
6	mini DisplayPort Transparent dust
5	DVI ABS epitheca WHITE NO MARKING
4	DVI ABS hypotheca WHITE NO MARKING
3	45P white PVC
2	mini DP to DVI(24+5) Empty PCB + patch + after welding
1	MINI DP M TO MINI DP M cable shell nickel 32AWG OD:4.8MM 85%AL Jacket:PVC 0,32M color: white
