RS Pro Green Double Sided Foam Tape, 19mm x 10m, 0.8mm Thick

Product Details

Polyethylene Foam Tape

Black closed cell cross linked polyethylene double sided foam tape for use in permanent automotive and engineering assembly applications.

Product performs to high levels under severe and stringent conditions

Permanent acrylic pressure sensitive adhesive providing high levels of shear adhesion

Green low density polyethylene (LDPE) Linear

Specifications:

Width	19mm
Thickness	0.8mm
Length	10m
Backing Material	PE Foam
Colour	Green
Adhesive Material	Acrylic
