RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

The HypaPlast Blue Waterproof Strapping Tape is designed to secure dressings in environments where wounds may come into contact with moisture. The blue colour ensures that the tape is easily visible, helping you comply with food hygiene regulations.

The latex-free adhesive is strong and binds the tape through contact with water, oil or other liquids. The tape's flexible construction allows it to conform to awkward body areas like joints.

The HypaPlast Waterproof Strapping is available in a pink variation which is suitable for everyday use outside of the hospitality industry.
