

Features

- RS PRO and Little Giant dual-branded professional solution.
- Non-conductive Hi-Viz green fibreglass construction.
- Designed for electrical and maintenance applications.
- Extra-wide 215mm slip-resistant treads for superior comfort.
- Stair-step design provides enhanced stability and user confidence.
- Folding handrail with integrated tool tray.
- Handrail can be folded down for use as a compact hop-up platform.
- Lightweight yet robust construction.
- Large moulded feet improve grip and floor contact.
- Compact folding design for convenient storage.

RS PRO by Little Giant®

Jumbo Step™ Fibreglass Step Stool

RS PRO® is the own brand of RS. Combining quality, choice and value, RS PRO products are professionally approved and trusted by engineers worldwide. Little Giant® is a registered trademark of Little Giant Ladder Systems.

Product Description

The RS PRO by Little Giant® Jumbo Step™ Fibreglass Step Stool combines the trusted quality of RS PRO with Little Giant's proven ergonomic access equipment design. Specifically developed for professional users requiring an insulated access solution, the Jumbo Step™ Fibreglass delivers outstanding comfort, stability and safety for electrical and industrial applications.

Manufactured from non-conductive Hi-Viz green fibreglass and featuring extra-wide stair-like treads, the Jumbo Step™ Fibreglass provides a secure and comfortable working platform. Ideal for tasks involving frequent climbing or extended standing periods, it offers the convenience of a folding handrail with integrated tool tray while maintaining a compact foldable design for transport and storage.

Standards and Compliance

Standard	EN 14183:2003
Maximum Load Capacity	150kg
Usage Classification	Professional / Intensive Use
Material	GRP Fibreglass / Aluminium

Applications

Electrical installation and maintenance
Facilities management
Utilities and telecommunications work
Manufacturing environments
Warehousing and logistics facilities
Property maintenance
Inspection and servicing applications
Industrial and trade professionals

Technical Specification

Brand	RS PRO by Little Giant®
Product Type	Fibreglass Step Stool
Material	GRP Fibreglass / Aluminium
Maximum Working Load	150kg
Tread Depth	215mm
Distance Between Treads	210mm
Storage Depth	114mm
Handrail Height	685mm
Colour	Hi-Viz Green
Foot Size	75mm x 60mm
Tool Tray	Integrated

Product Dimensions

Stock No.	Treads*	Platform Height (mm)	Approx. Working Height (mm)	Closed Height (mm)	Open Height (mm)	Weight (kg)

Key Features Explained

Insulated Fibreglass Construction

Manufactured from non-conductive Hi-Viz green fibreglass, the Jumbo Step™ Fibreglass is ideal for professionals working around electrical installations where additional insulation is required.

Jumbo Comfort Treads

The oversized 215mm treads provide a stair-like climbing experience, helping improve user comfort and reducing fatigue during prolonged standing tasks.

Integrated Tool Storage

The built-in tool tray within the handrail keeps frequently used tools and accessories within easy reach, enhancing productivity and reducing unnecessary climbing.

Folding Handrail Design

The handrail folds down quickly, allowing the unit to function as a compact hop-up platform while maintaining easy transport and storage benefits.

Safety Note

Always inspect ladder equipment before use and follow all applicable workplace safety procedures. Ensure the ladder is fully locked into position before climbing.
