Fibre-optic splicing box with telescopic pull-out lockable – DK 7170.535

Date : Apr 26, 2021

Fibre-optic splicing box with telescopic pull-out lockable – DK 7170.535

created: 26.04.2021 build on www.rittal.com/uk-en

Product description

Description:	The 482.6 mm (19") splicing box is designed to accommodate splicing cassettes and can be installed in any network distributor with 482.6 mm (19") accommodation and used as a fibre-optic termination or distributor. The rear section of the splicing box is completely open for cable entry, a rubber cable clamp strip provides protection against dust. The fibre-optic cables can be secured with cable ties or cable clamps, two strain relief clips and cable routing clips for the fibre stock provide a solution to suit any fibre-optic wiring system.
Benefits:	The telescopic pull-out provides optimum access to the splicing cassettes and cable clamp The variable cassette fixture permits twist-proof installation of all standard splicing cassettes The security lock fitted at the front protects against unauthorised access
Material:	Sheet steel
Colour:	RAL 7035
Supply includes:	Splicing box Cable routing clips Security lock Cassette cover Mounting accessories for patch panel
Note:	Supplied without patch panels and splicing cassettes
