4. Description of change: Standardisation of double side printing to single side printing, see example overleaf			
5. Effect on the product or for the customer (benefit, quality, specification, lead time): Part can be printed using the standard process of printing. Lead time is reduced by 1 week			
6. Quality assurance measures / risk assessment: No risk observed			
7. Scheduled date of change: 30. June 2018 or after customer approval, whatever is earlier			
8. Estimated date of first delivery of changed product: From 04.04 2018 onward change can be implemented. If EPCOS does not receive notification to the contrary within a period of 10 weeks, EPCOS assumes that the customer agrees to the change. For an interim period we cannot rule out that old as well as new products will be shipped.			
9. Identification of changed product (first date code / marking): By Week code
