## RS PRO 1.2m Wide x 3mm Thick x 10m Pyramid Surface Anti-slip Flooring Roll

### Feature:

This rubber matting provides a hygienic, economical, hardwearing, and anti-slip floor covering that is suitable for wet environments.

Top pattern offers excellent grip under foot and bottom cloth effect finish ensures that material does not slip on a variety of surfaces.

- Raised pyramid surface provides additional grip in wet environments
- Designed to reduce operator fatigue in shops, factories, warehouses and garages
- Insulates against damp and moisture build-up

Physical Properties	Unit	Value
Colour		Black
Material		Natural Rubber / Styrene Butadiene Rubber
Weight	kg	48
Thickness	mm	3
Length	m	10
Width	m	1.2
Maximum Temperature	°C	70
Minimum Temperature	°C	-10
Density	g/cm <sup>3</sup>	1.5
Tensile Strength	MPa	5.8
Elongation at break	%	250
