AO-PCN-2026-072-S

TMF8829 MLA and Lens Supplier Change

30.07.2026

Dear Customer,

please review this **PCN** and provide your feedback in the **Customer approval form** (at the end of this PCN document) to your ams OSRAM sales partner before **30.August.2026**

Your prompt reply will help ams OSRAM to assure a smooth and well executed transition. If ams OSRAM does not hear from your side by the due date, we will assume your (if you are a Distributor: and your customer's) full acceptance to this proposed change and its implementation.

ams OSRAM understands the time requirements your organization needs to approve this PCN. However, if you can provide ams OSRAM an estimated date your organization will have finalized this PCN review, ams OSRAM can use this date to plan continued production to secure your order needs during the transition time.

Your attention and response to this matter is highly appreciated.

Please direct your inquiries to your local Sales office.

- *) ams OSRAM aligns with the widely recognized JEDEC/ECIA/IPC Joint Standard No. 46, which stipulates:
- Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN.
 - Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change.
 - After acknowledgement, lack of additional response within the 90 day period constitutes acceptance of the change. If the customer requires additional time to perform sample testing, beyond the 90 day review period, an extension must be negotiated with the supplier.

Subject of change: TMF8829 MLA and Lens Supplier Change.

Affected products:

Current Material Number	New Material Number	SAP Material Title	Q-Number
516430205	516430207	TMF8829-1A OLGA18 LF T&RDP	Q65113A9854
516430206	516430208	TMF8829-1AM OLGA18 LF T&RDP	Q65115A1077

Reason for change:

Supplier A, the current MLA and lens supplier has decided to discontinue its Optical Component (OC) business. Consequently, all associated manufacturing equipment, processes, technical expertise and know-how will be transferred to Supplier B.

Supplier B will be qualified as the replacement supplier for the MLA and lens used in the TMF8829 product, ensuring continuity of supply and manufacturing capability.

Description of change:

Current Status:

Supplier A is currently supplying the MLA and lens.

New Status:

Supplier B will be qualified and will be the replacement supplier for the MLA and lens used in the TMF8829 product.

Product identification: via Date Code and Material Number

**Time schedule
for PCN material:
(after implementation
of change):**

Final qualification report:

End of October 2026

Samples available:

End of August 2026

Note: The initial sample quantity is limited, and the next batch will be available at later stage. An exact availability date of the second batch sample would be offered until the initial batch allocation is finalized.

Start of Delivery Date:

November 2026

31-August-2026

Time schedule
for Pre-PCN material:

Last time order date (LTO):

Disclaimer: The Last Time Order (LTO) quantities are subjected to supply capacity planned and allocated based on the current Consensus forecast (FCST) available in the system as of 15-July-2026. Any LTO order quantities exceeding the recorded FCST cannot be accommodated or guaranteed. Supply commitment will be limited to the FCST quantities reflected in the system as of the above mentioned date.

Last time delivery date (LTD):

31-December-2026

Assessment:

Low risk, as the same materials, equipment, machinery, manufacturing processes and technical know-how will be used for the MLA and lens production, The only change is the manufacturing location with production being transferred from Supplier A to Supplier B.

Note:

Pre-PCN material: Products of current status, means before implementation of the changes as described in the PCN.

PCN material: Products with implementation of the changes as described in the PCN.
