

## FEATURES

- **UV Protection:** Ensures longevity and reliability in outdoor applications by resisting degradation from sunlight.
- **High Tensile Strength:** With a tensile strength of 22 kg, these cable ties offer secure fastening for heavy-duty applications.
- **Nylon Material:** Provides durability and flexibility, ensuring long-lasting performance.
- **UL 94HB Fire Behaviour:** Meets safety standards for flame retardancy, enhancing safety in various environments.
- **RoHS Compliant:** Ensures the product is free from hazardous substances, aligning with environmental and safety regulations.
- **368 mm Length:** Suitable for bundling large groups of cables, offering versatility in different applications.
- **4.8 mm Width:** Balances strength and flexibility, making it easy to handle and install.

## RS PRO UV Protected Cable Tie, 368 mm Length

RS Stock No: 656-031

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

These RS PRO UV Protected Cable Ties are designed for securing and organising cables in both indoor and outdoor environments. Made from durable nylon, they offer excellent resistance to UV radiation, making them ideal for long-term use in sunlight-exposed areas. With a maximum bundle diameter of 105 mm, these cable ties provide a reliable solution for managing large cable groups efficiently.

### General Specifications

Colour	Black
Product Type	Cable Tie
Sub Type	UV Protected Cable Tie
Tensile Strength	22 kg

### Protection Category

Fire Behaviour	UL 94HB
UV Resistant	Yes

### Mechanical Specifications

Length	368 mm
Material	Nylon
Maximum Bundle Diameter	105 mm
Width	4.8 mm

### Approvals

Standards/Approvals	RoHS, UL94HB
