RS Pro 500 g Grey Tub Epoxy Adhesive for Various Materials

RS Stock No: **691-230**

Product Details

RS Pro 500 g grey tub epoxy adhesive for various materials, is a machinable, metal filled epoxy putty that replaces welding for numerous routine applications and durable repairs. This epoxy adhesive bonds to most materials with a tough finish and provides long-life protection against abrasion, corrosion and chemicals.

Features and Benefits

- Machinable, metal filled epoxy putty
- Replaces welding for numerous routine applications and durable repairs
- Bonds to most materials with a tough finish
- Excellent resistance to oil, petrol, water and many other chemicals
- Dry service temperature: 121°C (maximum)
- Pot life: 45 minutes
- Mix ratio: 9:1

**Specifications:**

Colour	Grey
Filler Material	Metal
Material Compatibility	Concrete, Metal, Plastic
Package Type	Tub
Specific Gravity	2.33
Maximum Operating Temperature	+121°C
Setting Time	45 min
Cure Time	16 h
Operating Temperature Range	Maximum of +121°C
Package Size	500 g
Dielectric Strength	1.18 KV/mm
