

Features

- Installed by hand – no tools necessary.
- Pushed through from outside of the chassis.
- PCB locking feature.

RS PRO Reverse Locking PCB Supports

RS Stock No.: **0656005**

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

Reverse locking supports are designed to push through from the outside of the mounting chassis, leaving a neat, low-profile finish. They provide a simple and secure method of mounting and securing printed circuit boards (PCBs). Installed by hand, no tools are necessary. Locking mechanism easily released with finger-tip pressure. Other lengths and mounting hole sizes are available.

Specifications:

Parameters	RP0000385762
Material	Nylon 6,6
Colour	Natural
Flammability	UL94V-2
Body Height	6.4mm
PCB Hole Diameter	4.0mm
PCB Thickness	1.6mm
Mounting Hole Diameter	6.0mm
Mounting Panel Thickness	0.8 – 1.2mm
