

## Features

- Suitable for welding tasks
- Wattage 60W
- Soldering iron for AE960D soldering station

## RS PRO Soldering Iron, 60W, Use with **0631067** Soldering Station

*RS Stock No.: 0631077*

*RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range*

has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

### RRS PRO Soldering Iron

From our trusted and reliable own brand RS PRO, this soldering iron is perfect for soldering applications requiring a consistent temperature for high quality soldering and rework. The soldering iron offers 60W of power and input voltage of 230V allowing the iron to reach temperature quickly and efficiently. This soldering iron features a sleek and stylish design and is ideal for use with the RS PRO **0631067** soldering station.

### Features and Benefits

- Ideal for use with the RS PRO 60W analogue soldering station ( )
- Durable design manufactured with plastic, silicone, metal, stainless steel, ceramic
- Rate power: 60W
- Input voltage: 230V

## General Specifications

Power Type	Electric
Type	Soldering Iron
Wattage	60 W
Input Voltage	230 V
Soldering Tip Temperature	100-500 °C
For Use With	RS PRO Soldering Station ( )

## Approvals

Declarations	REACH DoC
Standards Met	CE, UKCA, RoHS
