## Puzzi 100

A Spray Extraction Cleaner for the commercial cleaning of carpets and upholstered furniture. With a cleaning performance of 10-15 sq.m/h the powerful suction motor leaves very little residue after cleaning, meaning carpets dry up to 63% faster than comparable products. The large tank for cleaning fluid, water flow rate and pressure are designed for basic cleaning of medium-sized surfaces

---

**Standard accessories:**

2.5m spray hose with integral water feed, Floor tool with bend and suction tube, Hand tool

---
