

## FEATURES

- **Conical tip shape:** Provides precision and control for detailed soldering tasks
- **0.5 mm tip width:** Allows for fine soldering work on small components
- **13 mm tip length:** Offers extended reach for intricate soldering applications
- **0° tip angle:** Ensures optimal contact with components for effective heat transfer
- **Compliance with ANSI-ESD S20.20:2021:** Meets industry standards for electrostatic discharge safety
- **REACH and RoHS compliant:** Ensures environmentally safe and health-conscious use

## RS PRO 0.5 mm Conical Soldering Iron Tip, 13 mm Length

RS Stock No: 631-082

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Soldering Iron Tip is designed for precision soldering tasks, offering a conical shape that ensures accuracy and control. Ideal for use with the 0631068 Soldering Station, this tip is perfect for detailed electronic work, providing a reliable and efficient solution for professionals.

## General Specifications

For Use With	0631068 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T60
Tip Shape	Conical

## Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

## Mechanical Specifications

Tip Length	13 mm
Tip Width	0.5 mm
