

Features

- **Low Friction Design** – Minimizes surface wear, preventing unnecessary damage over repeated use.
- **Replaceable Front & Back Plates** – Allows quick and cost-effective maintenance, maximizing bumper longevity.
- **Reliable Impact Protection** – Offers effective safeguarding for vehicles and dock surfaces in busy operational areas.

RS PRO High Visibility Dock Bumper 450mm Length x 250mm Width x 115mm Height UHMWPE

Vendor Partcode.: 0688181

RS PRO is our own brand range and brings you a wide range of high-quality, great value products offering you more choice. Trusted by engineers all over the world, every part of every RS PRO product has been rigorously tested against demanding industry standards; they're only given the RS PRO Seal of Approval if we're confident of their exceptional quality, which means you can be confident too.

Product Description IBUTE

The RS PRO High Visibility Bumper is designed to offer precision alignment for vehicles while ensuring exceptional protection for both vehicles and docking surfaces. Manufactured using high molecular weight polyurethane, this durable dock bumper stands out for its superior strength and visibility, making it highly effective even in low-light conditions. Its low coefficient of friction minimizes unnecessary wear and tear, making operations smoother and more efficient.

One of its standout features is the ease of maintenance—both the front and back plates are readily replaceable, ensuring continued reliability without extensive repairs. This keeps your truck loading dock rubber bumpers in optimal condition for years to come.

Specifications

Material	UHMWPE
Colour	Black
Length	450mm
Width	250mm
Height	115mm
Hardness	78ShA
Weight (Kg)	13.5

Approvals

Standards Met	REACH
