RS PRO USB-C 3.5mm Audio Adapter with Power Delivery

RS Stock No.: 0839461

RS Professionally Approved Products bring to you, professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

With phone manufacturers trying to save space to make phones smaller, they are reducing the number of ports on a phone to just one USB C port. This means that adapters must be purchased to use accessories etc. The USB Type C 3.5mm audio adapter with Power Delivery will allow you to connect 3.5mm stereo equipment to your USB type C (only) phone/tablet. The Power Delivery allows your device to be charged at a quick rate. The 3.5mm socket is used for audio output only.

PLEASE NOTE: This audio adapter will not work with phones/tablets etc that have a 3.5mm port as the phones cannot detect USB C adapter and defaults to speaker.

General Specifications

Connector A	USB-C
Connector A Gender	Male
Connector B	3.5mm TRS
Connector B Gender	Female
Connector C	USB-C (60W Power Delivery)
Connector C Gender	Female
Colour	Black
Applications	Suitable for smartphones
