

Features

- Anti Static Brush
- Material: conductive plastic with low static generating synthtetic fibre bristles
- Suitable for cleaning PCBs

RS PRO Anti Static Brushes

RS Stock No.: 0218570

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

Made from dissipative plastic this brush removes dust, dirt on PCBs and other static sensitive components. Minimises static charge and dissipates ESD charges to ground when held by grounded personnel. The vertical shape helps to protect the hand of the operator from scratches to the fingers.

Firm bristles are mainly for electronics, especially circuit boards.

General Specifications

Product Type	Anti Static Brush
Material	Conductive plastic / synthetic fibre bristles
Colour	Black
Shape	Long handle
Length	131mm
Bristle Area	16mm x 3mm x 12mm
Properties	Anti Static
Surface resistance:	
Handle	10^6 - 10^9 Ohms
Bristles	10^8 - 10^{10} Ohms

Approvals

Complies with EN 61340-5-1	Yes
