

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability, ensuring long service life
- **25mm Length:** Suitable for a variety of mechanical applications, offering versatility
- **16.04mm Outer Diameter:** Ensures a precise fit for optimal performance
- **11.98mm Shaft Diameter:** Designed for compatibility with standard shafts, facilitating easy integration

RS PRO 25mm Sintered Bronze Plain Bearing, 16.04mm Outer Diameter

RS Stock No: 528-295

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient motion in mechanical applications. Made from high-quality sintered bronze, it offers excellent durability and reduced friction for enhanced performance. Ideal for use in environments where reliability and longevity are crucial.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	11.98 mm

Mechanical Specifications

Length	25 mm
Material	Sintered Bronze
Outside Diameter	16.04 mm
