

FEATURES

- **Sintered Bronze Material:** Provides high strength and wear resistance, ensuring long-lasting performance.
- **15 mm Length:** Compact size allows for easy installation in tight spaces.
- **21.05 mm Outside Diameter:** Suitable for a variety of shaft sizes, enhancing versatility.
- **14.98 mm Shaft Diameter:** Ensures a precise fit, reducing vibration and noise.

RS PRO 15 mm Sintered Bronze Plain Bearing

RS Stock No: 528-320

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical applications. Made from sintered bronze, it offers excellent durability and reliability, making it ideal for reducing friction between moving parts. Its compact design ensures easy integration into existing systems, providing a cost-effective solution for maintenance and repair.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	14.98 mm

Mechanical Specifications

Length	15 mm
Material	Sintered Bronze
Outside Diameter	21.05 mm
